

# DISCIPLINE

## What is it?

"Discipline" comes from the word *disciple*. A disciple is a person who follows and learns from someone else. God never punishes us, but God does teach us and correct us in love

when we make mistakes. God's discipline helps us to become wiser, stronger and more loving followers of Jesus.

Hebrews 11:29-12:2

August 17, 2025

When things get difficult, think about Jesus, who suffered for us on the cross. He saw that there would be joy afterwards, so he was able to endure it.

*Fit the underlined words into the crossword.*

Being faithful is like running a long race. All of God's people who ever lived are cheering us on! They know that life can be very tough. When life is difficult for you, think of Jesus. He kept going even though terrible things happened to him. He knew that God was with him.

In this race it doesn't matter if you finish first or last, only that you finish. When things get tough, look to Jesus for help.
